Ed Bastian
Delta Air Lines

Dear Mr. Ed Bastian,

It is a privilege to honor you with this unsolicited award from the Samuel Lawrence Foundation. We commend your tireless and courageous efforts to update worn-out policies relating to the NRA. Replacing those policies with more humane alternatives has set a precedent in business and provides an honest business role-model for the younger generations to learn from.

At the foundation we believe the bedrock of a sustainable democracy depends on all citizens taking swift action and assuming accountability, despite prevailing politics.

We believe your actions will continue to have ripple effects for generations to come. Please continue to inspire.

Considerable Regards,

Dr. Bart Ziegler, PhD, President
The Samuel Lawrence Foundation
