Dear Licenciado Mario E. Patrón Sánchez,

We are in full support of your efforts to combat the inhumanity in extrajudicial killings, access to water, housing, indigenous land, and a healthy environment. To harm people is universally unacceptable, and we commend the efforts of Centro Prodh to improve quality of life for Mexican citizens.

Please accept our modest donation of \$100, to go towards your work. It would be a pleasure to speak with you by phone to learn more about your recent efforts.

Kind Regards,

Bart Ziegler PhD, President
