Dear Ms. Hathway,

Your commitment to upholding international law is monumental. After thousands of Yemeni civilians have died at the hands of U.S. - made weapons, the Samuel Lawrence Foundation recognizes you for bringing to light America's contributing to a humanitarian disaster.

In a recent New York Times article, you stated that the U.S. officials who approved bomb sales to Saudi Arabia are in "dangerous territory" as they continue providing support, despite the many civilians killed. You also co-wrote a groundbreaking Harvard National Security Journal paper that analyzed America's potential legal liability in assisting the Saudi-led coalition.

Our foundation recognizes those who tell hard truths. Because of your extraordinary work, we are proud to present you with the Samuel Lawrence Foundation Award of \$100.

Sincerely,

Bart Ziegler PhD, President
