Mr. Jason Smith:

Once again, we are inspired by the incredible courage your client Stacy Bailey has. We continue to dismantle much injustice and ignorance that plagues our society. Your efforts have enormous ripple effects around the world.

Our modest foundation, SLF, sends this book *A Velocity of Being: Letters to a Young Reader* to Stacy, please. Her fearless efforts promote lasting change. The case has California rapt. We share our support and encouragement.

Sincerely,

Bart Ziegler PhD, President
